

Louis the frog - a mystery

One happy day after school, Louis and his friends went home. His friend is called Spark the Sparrow. Spark lived in a tree not far from where Louis lived. Louis went to Spark's home to visit him. When Louis was there Spark wanted to play hide and seek.

Louis was counting "7, 6, 5, 4, 3, 2, 1 ready or not, here I come!" Louis looked everywhere. He could not find Spark. Suddenly Louis tripped over a tree root and ended up in a foggy forest. Louis was scared and a bit excited. Louis was holding a torch in his hand.

Suddenly Louis saw a cave. Louis saw a sign to say "BOBBYJKVIA." Of course Louis is a frog and that's frog language. Louis went in the cave and found Spark and Spark and Louis went home.
