Louis the frog plays a joke

Louis the frog lived a long time ago in a city. Louis is big and slimy. He was so jolly he was just about to burst, with big fat eyes. Louis is actually a frog with a big fat face.

Louis thought of a great joke to play on his Mum. "I'll make a robot me and trick mum" he thought.

"Mum, can we go to Russia? Please, please?"

"Hmmmm let me think, yes" said Mum.

"Let's go!" said Louis.

Brmmmm, brum, brum went the car. Finally "We're here!" said Louis. "Quick get in the plane before it goes. Jump! Phew we made it!" Finally they were there. "Let's get off, jump Louis!" said Mum.

Boom! Louis broke down.

"Louis!" said Mum.

Mum and Dad returned back. "Louis, you're grounded!" said Mum

"But Mum!" said Louis.

"No buts," said Mum "go to your bedroom"

And that is the end of the story with a happy ending.
